

LEGO FAMILY PORTRAITS

Boaz

Ruth

Obed

The book of Ruth finishes with Ruth and Boaz starting a family.

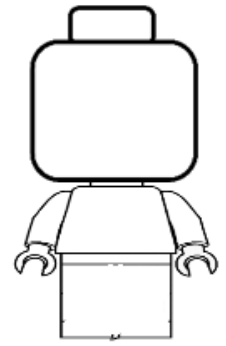

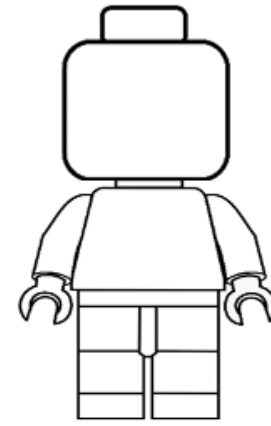

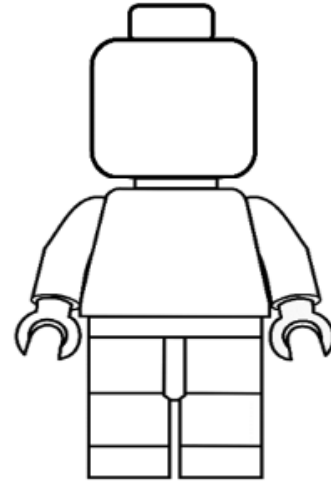

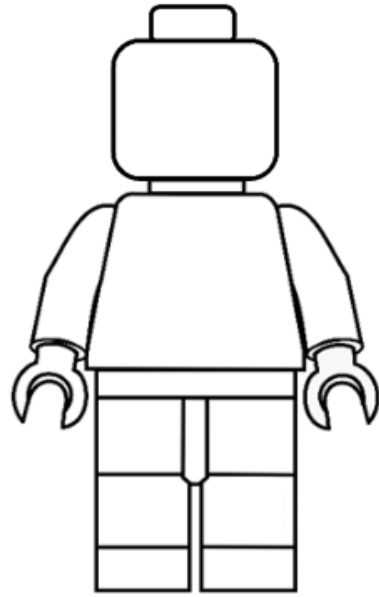

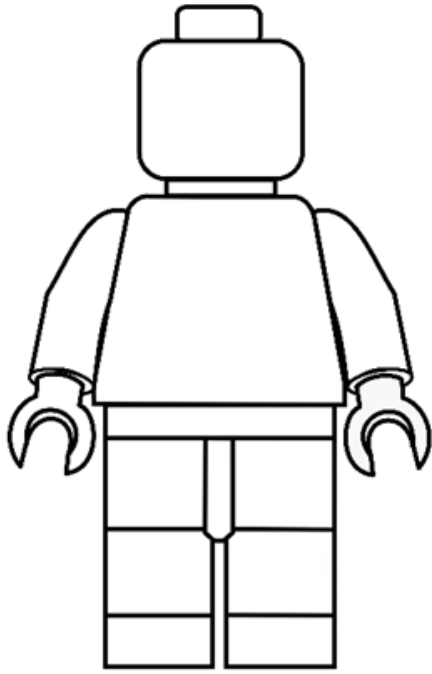

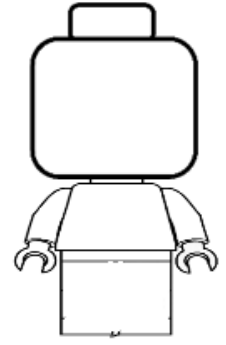

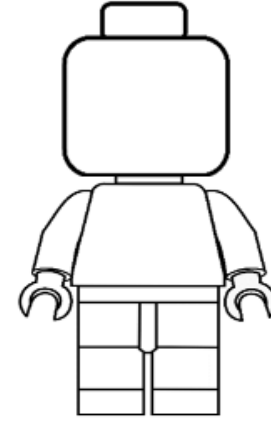

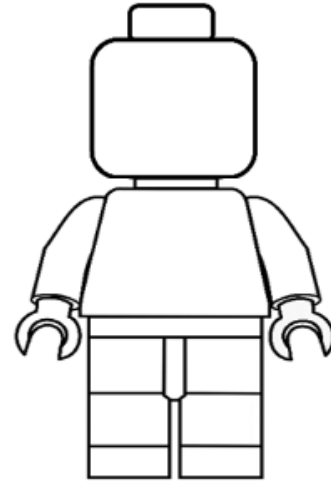

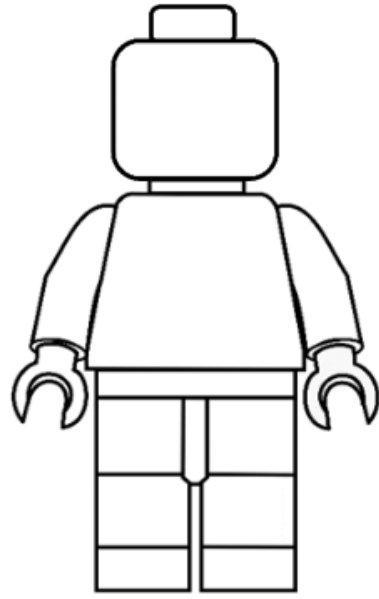

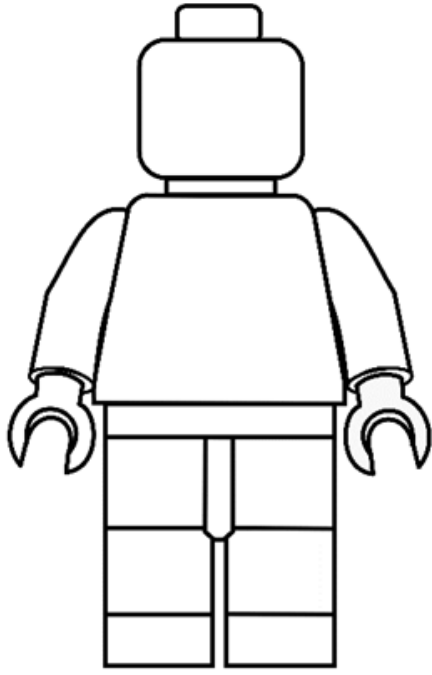

We praise God for this family, which after many generations, brought Jesus Christ into the world!

Below are some plain Lego minifigure templates. Use them to design your own minifigures to represent members of your family.

You may not need to use all the templates, or you may need to print more, depending on the size of your family.

When you have completed each family member, cut them out and stick them on the '**I thank God for my family**' sheet, to make a family portrait.

Don't forget to talk to God and thank Him for each member of your family!

I THANK GOD FOR MY FAMILY
